

Dear Business Friend!

In China the Year of the Golden Rabbit began on February 3, 2011.

The Rabbit is a lucky sign, speaking for gentleness, harmony and enjoyment. In Chinese tradition, the Rabbit brings a year in which you will not only strengthen your inner "Chi" energy, but the rabbit will also bring wisdom into your life.

To gain the greatest benefits from this time, focus on diplomacy, security, love and family and try for a good relationship. It is said that anyone making supplications for wishes to be fulfilled can be almost certain to get what they want in the Year of the Rabbit.

In this sense we wish you a prosperous and wonderful Rabbit Year!!

With best wishes from Munich / Southern Germany
